ESTABLISHED 1860

VOL. NO. 72

CAMERON, MILAM COUNTY, TEXAS, THURSDAY, OCTOBER 12, 1933

NO. 25

Our Town

By J. B. White

Statistics compiled by Federal and State labor departments, confirmed by national private agencies, including the American Federation of Labor, showed that the great army of unemployed numbered 14,000,000 last March. The censuses of estimates made by such sources up to mid-September was that about one fourth of that vast horde of disconsolate individuals had been restored to gainful employment through the operation of the National Recovery Act.

On October 9 about 3,000,000 employers of two or more persons throughout the country received a questionnaire from President Roosevelt with a message which read: "Two months ago I invited you to enter into an agreement with me to aid industrial recovery by shortening hours and increasing wage rates. The time has come to take stock. The information here requested is necessary to determine the progress we have made."

Employers were asked for comparative figures on employment and pay-roll totals for the two pay periods ending July 15, 1933, and October 14, 1933. These results, to be available only to sworn employees of the Census Bureau and treated as strictly confidential, will disclose the actual situation. The extent to which additional efforts must be put forth and preparations for feeding and clothing and housing those unfortunate not yet absorbed into industry will then be known, and Americans must act accordingly. Despite depleted local treasuries, this terrible task confronts us and is utterly unavoidable.

Fortunately, the load will be lightened to the extent that our people enter into the second phase of the vitally essential public cooperation for which the President appealed and without which he assured us recovery is impossible. Now the duty is no longer that of employers. It is apparent that, with few exceptions, they are complying with the President's Reemployment Agreement. By this time the significance of the Blue Eagle is well understood. Under that symbol of recovery prices are sure to advance. Of that natural consequence of increased pay rolls in every industry the President warned us when he signed the Recovery Act on June 16. To serve our own purpose it is imperatively necessary that we now lay in our winter's supplies.

AGED MAN IS FOUND DEAD NEAR TRACY

G. B. Hester, 68, was found dead Saturday afternoon October 7th in a pasture near the home of his daughter, Mrs. Marvin Charles at Tracy, with whom he had been making his home since the death of his wife.

Mr. Hester seemed in his usual health during the day and took his gun and said that he was going to shoot a dog, and left for the pasture. He was found later in a sitting position and had died supposedly of a sudden heart attack.

He was born November 25, 1865 in the state of Alabama and came to Texas in 1894 and settled at Tracy. His wife died in 1922, and he had since lived with his daughter, Mrs. Charles.

The funeral was held at the Methodist church at Tracy by Rev. H. B. Daly, pastor of the Buckholts church and interment was in Lebanon cemetery.

GOLDEN ANNIVERSARY IS CELEBRATED ST. MONICA'S

By DELPHYA SCOTT

Celebration of the 50th anniversary of Saint Monica's Catholic church in Cameron Wednesday was a red letter day, drawing many people to town from over the state. The attendance was over 4,000.

Beginning with Pontifical High Mass at 9:30 a. m. by the Most Reverend Christopher E. Burne, D. D., Bishop of the Diocese of Galveston, assisted by Father George Apel of Saint Monica's Parish, and a number of visiting Priests from over the state, the morning was taken up.

A parade of progress was staged on the streets at 11 o'clock headed by the Cameron Pioneer Band. This was followed with old time vehicles occupied by people who were dressed in the fashions of that day. The old ox team wagon with cover, depicting the family of the farmer in those days and a wagon filled with

women dressed in costumes of 1860, attracted much attention. This was followed with a float of the co-eds dressed in the prevailing costumes and colors. The old auto was followed with the latest models of cars filled with merry children and successful business men.

Big Indian chief attracted much attention as did the General of the occasion, in the person of R. H. McIntosh, who made a fine mount. The Municipal Band, Francis Cox, director, brought up the rear of the parade. The Boy Scouts formed a part of the parade which was one of the largest in Cameron since the World War days.

Dinner was served on the grounds at 12 o'clock. At one-thirty Bishop Byrne addressed the people, followed with an address by Hon. O. H. (See CELEBRATION on page 4)

TEXAS RANGERS ARREST MEN FOR BOY'S DEATH

Examining trial for E. A. Miertschin, Constable for precinct 8 for Milam county at Thorndale, was held Saturday in Justice court here with F. J. Clement presiding. A bond of \$3000 was made by Miertschin who is represented by Jack Lewis, former Criminal District Attorney. Miertschin is charged with being an accessory to the crime.

W. D. Burkhardt is still held in jail at Austin where both men were taken following their arrest by Texas Rangers. Both men will be held pending session of the Grand Jury which meets on the second Monday in November.

AUSTIN, October 5—The death Sept. 13 of Henry James, 17-year-old Thorndale high school senior and brother of a state representative, resulted today in the filing of charges against E. A. Miertschin, 45, and W. D. Burkhardt, 59, both of Thorndale. Miertschin is a constable.

The complaints were filed by State Ranger Sid Kelso in Justice F. J. Clement's court at Thorndale. Kelso said that Burkhardt was charged with murder and Miertschin was charged with being an accessory. The men were lodged in jail here for questioning.

When James was found dazed at the Thorndale depot Sept. 10, it was reported his injuries were suffered in an auto accident. Kelso said his investigation disclosed evidence that the youth received the injuries in a fight.

James and two other boys had been to an entertainment, near Thorndale, on the night of Sept. 9, Kelso said. On their way home, they lay down alongside the road to sleep for a few minutes Kelso was told.

The ranger said that Arnold Berchenger, one of James' companions, told him that he (Berchenger) awoke to find James engaged in a scuffle one of the two men who drove up in an automobile. The other man remained in the car. Kelso said he was informed.

James died in a Taylor hospital on Sept. 13. He was a brother of Representative Jesse James of Thorndale.

Three Men Escape With \$3000; No Arrests Made

Three men, driving their car to the door of the Buckholts State Bank at 9:30 Friday morning took \$3000 in money and escaped along the Temple road.

One bandit remained in the car while his confederates walked calmly into the bank and robbed it. An unconfirmed report said the men stopped outside the city and calmly divided the money.

So far no arrests have been made and no clues have been discovered by officers. It is believed the men had stolen a car in Fort Worth which they later abandoned in their escape plan.

A third man seated in a Plymouth coupe outside of the bank sped away with the two men after the robbery and police have been unable to get trace of them since the robbery.

Ed Kolba, president of the bank, and Leo Fuchs, cashier, were at the bank when two middle aged men, dressed in striped overalls, one wearing a grey cap and the other a slouch hat, and with four day beards entered the front door. The two men separated at the door without slowing their pace. One stepped to the window at the front of the bank and the other proceeded along the row of windows toward the back door where he pointed a pistol at Mr. Kolba and ordered him into the front (See BANK ROBBERY on page 4)

NO WILD in Schlitz

THAT will interest those who have suffered ill effects from impure beer. For SCHLITZ in Brown Bottles will never harm anyone.

You may or may not know that yeast is vital to beer. Obviously the purer the yeast, the purer the beer — for sour soil never produced a sound crop.

Many, many years ago SCHLITZ scientists propagated a mother cell of absolutely pure yeast. In a carefully guarded culture lies one of the chief reasons for the full, rich ripeness of SCHLITZ in Brown Bottles.

Yeast contains an astonishingly active enzyme. This enzyme works best in pure, sound yeast. Good beer never comes from wild, weak, impure or stale yeast, or with uncontrolled enzymatic action.

Without pure yeast and enzyme control there can be no good beer. SCHLITZ has mastered the problem of enzyme control which has puzzled the best minds in the industry.

That's why you like SCHLITZ. That's why it's so palatable — so brilliant — sparkling — rich and ripe. Try it today.

Cross, Congressman of Waco District.

Games and Fun Fest were held after the addresses, and at six o'clock p. m. supper was served by the Catholic women. This was followed by a ball at the Knights of Columbus Hall in the evening.

The Golden Jubilee chairmen were as follows: Rev. Geo. Apel, General Advisor; B. P. Matocha, General Chairman; Dr. A. S. Valenta, Vice Chairman; Robert Rusker, Secretary; A. G. Kunz, Treasurer and for Grounds; R. F. Richter, Finance and Entertainment; Miss Mary Manning, Advertising; J. A. Lindle, Publicity; W. J. Michalka, Concessions; R. A. Michalka, Refreshments; J. C. Andres, Parade; Mrs. B. P. Matocha, Dinner; Joe Richter, Traffic; Albert Anderle, Cotton.

A beautiful 54 page souvenir "Golden Jubilee" book was compiled by Thompson Kemp, assisted by Miss Mary Ellen Manning and Joseph A. Lindle. The latter two are members of the Saint Monica's Church. The book contains valuable information and data, with illustrations and pictures of the early settlers and the first church built here, and of the new church which is the prettiest in this section.

The grounds where the church, school and Priest's home are built were the gift of the late Mr. and Mrs. David Meyers. He was born in Osterreuchwein, Germany, and went to Vienna to perfect himself in his trade of cabinet maker. There he met and married Marie Zalesky who was born in Sarofitz, Czechoslovakia. He was Lutheran by faith and his wife was a devout Catholic who after coming to America had lived away from the privileges of her church because there was none in this section of Texas. The husband was successful at his trade here and later acquired a competency as a merchant, and they retired. Mr. Meyers served with the late R. S. Porter and D. Kemp, two merchants of Cameron on the first building committee. Early services continued to be held in the Meyers home until the first church was built in 1904, which burned February 19, 1927. Undaunted, the members started a building fund on June 29, 1927 ground was broken for the new church and on September 4, 1927 the corner stone was laid with pomp and ceremony by the Most Reverend Christopher E. Byrne. This building is of brick and hollow tile construction, 50 feet wide by 120 feet long with a seating capacity of 500. It is a church of outstanding beauty among the Catholic churches of Texas.

SOCIETY

ANNOUNCEMENT PARTY

Mrs. Dewy McElwraith of Cameron was hostess Tuesday afternoon at five thirty o'clock at her home naming her cousin, Miss Euline Slaughter, honoree.

A pretty color scheme of green and white featured fall flowers for decoration and lent beauty in the rooms given over to the occasion. Four tables of players engaged in the game of Candy Jack Straws. At the conclusion highest score was made by Miss Viola Sustek.

The surprise of the occasion was the announcement of the approaching wedding of Miss Euline Slaughter, daughter of Mr. and Mrs. J. L. Slaughter to Rudolph Bielefeldt, formerly of Waco, now of Wichita Falls. This drew forth many good wishes for the bride to be. The wedding will take place Sunday morning at 9 o'clock at the First Baptist church.

Little Noram Jeane McElwraith gave a toast to the prospective bride and Miss Sustek presented her with a dainty salad and dessert recipe book.

The hostess served a salad plate and desert with hot tea at the close of the happy affair.

Wedding Bells Instead of School Bells

Dr. R. M. Searcy

Wedding bells instead of school bells have rung out, and now there is one less girl endeavoring to enter the masculine gates of Texas A. and M. college. The former Miss Evelyn Stanford, now Mrs. Searcy, was one of 12 Bryan girls trying to get permission to attend Texas' sanctum sanctorum of masculinity at College Station A. and M. authorities say traditions of years would be shattered if girls were allowed to attend the school.

TEXAS CZECH LEADERS SUPPORT FERGUSON

(Temple Telegram)

Whole-hearted support of the present administration of Texas under the governorship of Mrs. Miriam Ferguson yesterday was voted by delegates of the American citizens of Czech descent who met in Temple Thursday.

Although the meeting was postponed by several of the leaders of the movement, many of the delegates were on their way to Temple and others were here to discuss the problems brought up by their leaders.

The meeting was declared to be representative of the various interests of the Czech group, which number 135,000 in Texas.

A resolution was passed by the delegates here yesterday and was signed by Method Pazdral of West, chairman of the session, and L. J. Sulak, La Grange newspaperman, secretary.

The resolution condemned efforts of "self-styled leaders" to create an impression that our people are seeking to form an undemocratic political organization.

The resolution passed by the group is as follows:

"Be it resolved, that we, American citizens of Czech descent, assembled in the city of Temple, Texas, this 5th day of October, 1933, most solemnly condemn any attempt of self-styled leaders to create an impression in our state that our people are seeking to form an undemocratic political organization, the purpose of which being to bargain with candidates with a view to delivering 135,000 votes of American citizens of Czech extraction to the candidate most acceptable to the so-called leaders, promising them political patronage.

"We hereby affirm our allegiance both to our Federal and State Governments and proudly point to the patriotic record of our people during the world war.

"We hereby fully endorse the pre-tacks upon our Governor, Mrs. Miriam A. Ferguson and her husband, former Governor James E. Ferguson, and hereby condemn the action of any man who violates confidential relations of his benefactor and bites the hand that fed him.

"We hereby fully endorse the present state administration, under the leadership of that noble woman, Mrs. Ferguson, most ably supported by her husband, our friend, James E. Ferguson, and pledge them our unqualified support in their endeavor to make our beloved Texas the best State in the Union.

"Respectfully submitted,

"METHOD PAZDRAL,

"Chairman.

"L. J. SULAK, Secretary."

QUICKER, BETTER RELIEF from use of Black-Draught

"I have taken Black-Draught, off and on when needed, for twenty-five years, for it is easy to take," writes Mr. George T. Wharton, of Petersburg, Va. "I take it for constipation and when I have that dull, tired feeling. I take it for colds and other complaints where a good laxative is needed, and I believe it gives me quicker and better relief than any other medicine I know. It certainly has been a help to me."

P. S.—If you have CHILDREN, give them the new, pleasant-tasting SYRUP of Theodor's Black-Draught.

Begin Taking Cardui Today If You Suffer Like This Lady Did

"WHEN I was a girl, I began taking Cardui," writes Mrs. Maggie Stanfield, of Crandall, Ga. "I was very irregular for twelve months. Nothing did me very much good until my mother began to give me this medicine. Then I got all right, stout and well.

"After I was married, I was in bad health. I began taking Cardui again. I was troubled with my back a lot. Was awfully restless. I could not sleep well. I just weighed 90 pounds when I began taking Cardui. I improved rapidly. Before long I weighed 126 pounds. I felt fine. I was able to do a good day's work."

Cardui is sold by druggists here—

How Cardui Helps Women

"Mal-nutrition" means that your body is not getting enough to keep it up, so that what it has to do is not done well. You may not be eating enough to keep up the work of the body, or there may be something wrong that keeps you from getting full value from the food you eat.

Because of mal-nutrition, some women have aches and pains every month. Such pains should not be neglected.

Take Cardui to give you a better appetite, to give you more strength from the food you eat—to build up and increase your feeling of well-being. Aches and pains go away as you build up with the help of Cardui.

One Hundred Thousand Attend Opening Day of State Fair

Dallas, Texas, Oct. 11.—With perfect weather, and almost 100,000 people for Opening Day, and another good day for the first Sunday, the State Fair of Texas got underway to a good start for its 47th annual exposition, which promises to be the outstanding edition of State Fair history.

Entertaining more than 1,000 newspaper people and allied industries at the Press Day celebration, the 4th estate seemed to have one of the best days that they have ever enjoyed at the "world's largest state fair." Consensus of opinion among the press people was that it was the "smoothest" running day they have ever had.

The Press Day Luncheon was held this year at the Adolphus Hotel, where a total of 633 newspaper people were entertained. Following this they were taken to the State Fair grounds, where some went to the opening performance of the Southwestern Championship Cowboy Contest in the Livestock Arena while others visited the Southern Methodist University-El Paso College of Mines football game in the stadium, and still others visited the Beckmann-Gerety Midway.

At night all hands were on deck

for the premiere of "Bitter Sweet," one of the best operettas ever presented in the huge State Fair Auditorium. With a cast number more than 100 people, and with 40 speaking parts, one of the best balanced companies ever seen in the auditorium, presented an excellent performance of the Noel Coward sensation.

Many big days and special days are planned for the remainder of the exposition, and many noted visitors will be among the guests, the most noted of which will be Vice-President John N. Garner and Postmaster Farley who will be here on Thursday, Oct. 19 for a huge outdoor meeting in the stadium. Concessionaires, amusement proprietors, exhibitors and officials of the State Fair of Texas, look for the 47th annual exposition to be the best in years.

4-H Club Worker Makes Record in Four Years in Milam County

Let your pantry so shine by canning fruits and vegetables for the State Fair of Texas is a practice revealed by the exhibit of Mable Evard, Minerva 4-H club girl of Milam county.

As a scholarship contestant, Mable is sending an exhibit of ten entries to the Dallas Fair. Her exhibit consists of snap field peas, canned dewberries, pickled watermelon rind, pickled beets, green tomato pickles, red pepper hash, peach preserves, pear preserves, plum jelly and fig preserves.

Mable is completing her fifth year as a club girl. She began this work in 1929 by serving as vice president for the club and carrying garden as her special project. Canning vegetables for the Fair began as a result of the first year's project. For her second year's project, Mable added poultry, carrying projects in both poultry and gardening. Aside from serving as a secretary of the club Mable won a trip to the Short Course, and the Dallas Fair where her entry of canned tomatoes placed second.

To improve the interior of the home seems to have been the dream for the third year of work. Home improvements during this year consisted of making a bookcase from old apple boxes, converting an old washstand into a writing desk, refinishing

the kitchen table and chairs, and the making of a 4-H Club quilt which resulted in sending the pattern to 18 girls, all from different counties.

The fourth year as a club girl was a series of events for Mable. As bedroom demonstrator, she papered her room, built a closet, refinished the floor, added new pictures, and made new draperies for the windows. The paper for the room was given by a local firm and the furniture for the room was a gift from an aunt. Rewards for this year were a trip to Short Course, second place on canned sausage at the County Meat Show, second place on her record book exhibited at the Dallas Fair, and a gold star won on the merits of good work.

"My fifth year's club work has been the busiest of all, as it is graduation year from school. I took yard improvement as a special problem demonstration and was a pantry cooperator. I have added now pantry and have paint to refinish the wood work in both the kitchen and dining room. Have sold enough canned goods to buy paper for both rooms, and to defray my expense to the Dallas Fair this year. Due to a car accident I will be unable to attend the 1933 Short Course for the first time in 3 years."

The total value of Mable's 5 years of club work are as follows:

First year	\$20.01
Second year	61.00
Third year	290.43
Fourth year	232.40
Fifth year	184.44
Total	\$788.28

Bank Robbery

of the bank. Mr. Fuchs received a similar order.

Attorney Keeps Reading

When the robber put the pistol against Mr. Kolba's back and ordered him to the front of the building, Mr. Kolba tried to attract the attention of T. V. Adams, attorney, whose offices are in the rear of the bank, but Mr. Adams, unaware that robbers were in the bank, never raised his head from his books. It was not until he turned to a typewriter and began writing that the robber saw him. He too, was ordered on the floor of the front office.

Mr. Kolba told the robbers that there was no need to rough them, that there was nothing in the bank which could be used to harm them. The men heeded their request and told them to act quickly and they would not be bothered.

Customer Walks in on Robbery

W. H. Walker, bank customer, walked into the bank to cash two checks and was ordered inside the cage and to lie down before he realized that he had walked in on a robbery.

In a hurried rifling of cash drawers and vault the men overlooked \$2,000 in currency and a large amount of silver coins. When thru with their work, one of them said "Let's go." His companion said, "Let's lock them in the vault," and the other answered that maybe they "had better take one of them with us."

They decided not to take a prisoner with them and ordered the men into the vault. Mr. Kolba explained that they would be suffocated if the door of the vault was locked, and the men agreed only to close the door.

Turn West On Highway 36

They went out to the car, handed the money to the driver and started south by the bank from which they were parked and turned west on highway 36. One man said he saw three men in a coupe dividing money by the side of the road just outside Buckholts.

Another man telephoned Temple police that they saw the car west of Rogers on its way to Temple. Temple police guarded the highway but the car never came past Little River six miles south of here.

State Highway Patrolman Boyd Wyatt and J. T. Yarborough came to Temple from the highway near Little River where they had been patrolling and changed the motorcycles for an automobile that they might hunt along country roads in the Leon river and Lampasas river bottoms. They had not reported to Temple police this afternoon.

Witnesses Didn't Suspect

A witness standing across the street from the bank remarked that "they are sure putting a lot of money in that car." But he said later that it never occurred to him or his companions that the bank was being robbed.

Henry Ashcraft and V. H. Hopkins remarked that they saw the men but never suspected anything wrong. One man, Mr. Hopkins said, was about 5 feet 7 inches tall and weighed about 135 or 140 pounds. The other man, he said, was taller and huskier.

He said that the man came out of the front door of the bank and walked down the sidewalk by the bank as if going to Walschak gin but suddenly cut to the left toward The Texas Farm Bureau Gin. He then, without speeding his pace, walked to the car and got in.

Car Driven Around Block

The car had been driven around the block and in front of the bank

before the robbery. One man got out of the car a block below the bank and walked to the bank. The other came with the driver, who waited outside. The two men entered the door at the same time, but had come to the bank from different directions.

Both men had .45 calibre revolvers, not automatics, Mr. Kolba said.

He said the men looked nervous when they walked into the bank and that the man who leaned over the counter at the back of the bank to point the pistol at him continued to look that way. But when he put the revolver to his back, Mr. Kolba said, the robber's hand never shook and the gun felt "as steady as a rod."

Looked Like Hardened Criminals

Mr. Fuchs was greeted with the words "You're the man we want. Get down on the floor." The man grabbed his arm and commanded him again to act quickly.

Both men agreed that the robbers looked like hardened criminals. Mr. Kolba stated that he could identify the man that accosted him.

Walker's entrance into the bank caused no alarm to the robbers. They saw him before he knew that he was walking in on a bank robbery. They told him "come on big

boy, you can come back here and lie down too." He was surprised and said "pardon me" but he came to the spot pointed out.

Everett Mitchell, small boy at the junction where highway 36 meets highway 2B south of Little River, said that he saw a coupe shortly after the robbery but did not know how many men were in the car nor what the license number was.

Car Stolen in Fort Worth

The Plymouth car in which the men escaped is reported to have been stolen from a Fort Worth postman. It had a long nickel plated horn between the front lights, was dark blue or black and had yellow wheels, witnesses at Buckholts said.

Sheriff Mobley of McLennan county passed through Belton and told Bell county Sheriff George Zivley that he was about 15 minutes behind a Plymouth coupe headed toward Austin. The Waco men, traveling in

three cars, telephoned ahead to Austin to have the men stopped.

A report from Sparks was heard in Belton that a car answering the description of the robbers car had passed through Sparks. So it was there the chase started at 9:30, no one knows just where the bandits went.
